1.5K #42

Dr. George A. Hashim
Council for Tobacco Research
900 3rd Avenue
New York, NY 10022
Dr. Hashim

February 9-8, 1994
Breckenridge, Colorado

Dear Dr. Hashim:

As an important developer of pharmaceutical and biological products, you may be well aware of the implications of the growing field of neuropeptide research. The Winter Neuropeptide Conference is a meeting designed to stimulate neuropeptide research and allow a multidisciplinary discussion of aspects of neuropeptide functions. The conference in 1994 will be special, since it is our 15th meeting. Dr. Abba J. Kastin, The VA Medical Center and Tulane University School of Medicine, New Orleans LA, will be plenary speaker. Dr. Kastin is a renowned peptide researcher and one of the founders of the WNPC. His topic will be "Novel Peptides as Prototypes".

The planned symposia will highlight advances in major areas of neuropeptide research; the speakers and their topics are listed in the enclosed programme. In addition, 30-40 posters on peptide-related topics will be presented. At the 15th WNPC, a section of the poster session will be devoted to young investigators presenting their own research. The WNPC provides an excellent opportunity for young and established researchers from the industry, the clinic and academe to exchange ideas in a stimulating environment.

Your company has very generously supported our conference in previos years and to ensure the success of this year's meeting, we are again asking you for financial help. Your support will be acknowledged in the printed programme and also in the ensuing publication. All contributions will be greatly appreciated. Please direct checks to Dr. Curt Sandman, our conference treasurer, at the address listed on the left. This office also has our tax exempt number.

Members of your research team are cordially invited to attend the conference, which will be held in Breckenridge, Colorado, February 5-8, 1994. Please contact the conference coordinator for the registration forms.

Since we are asking you for support - is there anything we can do for you in immediate return? We will be happy to display company advertisements and distribute materials to participants or whatever else you may suggest. Please call me to make arrangements for your special needs; *we want to make it profitable for you to support us.*

Thank you in advance for your kind consideration.

Sincerely,

Bible M. Chronwall

Bible M. Chronwall, Ph.D.
Finance Chairman WNPC
